

Water Dollars

Our mission at the WFOHD for summer 2009 is to raise \$5,000 in order to send over an engineer from NY with five new water filter systems to Nserester Orphanage. By sending over one water filter we have already been able to reduce the medical bills of Nserester Orphanage by 44%!.

Introducing water Dollars. With your help of \$150 you will receive a large tote bag with the logo of WFOHD. With twenty water dollars you can receive a pen pal in Uganda. Water is an essential part of human survival and can make a great impact on the lives of others.
